PROFESSIONAL EXPERIENCE

MWMuller.com, West Yellowstone Montana, 2001-Present

Freelance Web Designer/Developer

Developed, designed, scripted, programmed, and maintained over 15 different web sites for a wide range of clients. Most recently developed an embedded Google Picasa photo gallery and integrated news/updates Google Blogger page to enable client to update website without programming. Large blocks of script and text drawn from central files for easy cross-page updates and changes. Site includes AJAX driven tabs/content and AJAX verified tour request forms.

Arrick's Fly Shop, West Yellowstone Montana, 2001-2007

Web Designer/Developer

Redesigned/restructured website to include products for online sales, generate guided trip sales, increase website visibility and usability. Responsibilities included photographing new products, designing fliers for promotional events, and developing out the web site. Website currently maintains 500+ visitors per day and generated over 10k in sales in one month.
